## **WWS Annual report for the year 2018-19**

Under the “New Initiatives in Higher Education” of the department of Collegiate Education, Government of Kerala, a specialized mentoring programme called **Walk With a Scholar(WWS)** started in this college in 2015-16 academic year. Unfortunately, continuation of this programme was interrupted during the last academic year 2017-18 due to funding problem. This year (2018-19), Directorate of Collegiate Education has implemented the programme again. The College Council along with the IQAC cell shall acts as the monitoring committee for the implementation of the programme and the coordinator should function in consultation with the Principal and college Council. The Scheme aims at giving necessary orientation to needy students. The council selected me (Bindhu Prabha, Assistant professor, Dept. of Computer Science Application. Presently 60 scholars from first year & second year are under this scheme and for internal mentoring. Motivation and skill development classes have been provided to the WWS scholars. As per the guide lines from higher education from our college we selected students based on their merit as well as their interest in this program. After completing the selection process of students, Principal appointed ten faculties as internal mentors for the 60 students.
